

ZERO SINGLE ADJUSTABLE WEBBING LANYARD WITH SNAPHOOKS

HR 023

AS/NZS 1891.1:2007, EN 354, EN 355, EN 359

Simple and effective, an adjustable length webbing lanyard is an important item for any height safety kit. By shortening of the lanyard for the job application, the risk of going over the edge/having a fall is reduced with the worker now in fall restraint. Simple buckle adjustment, pull to shorten and tilt to extend. European quality.

Features:

- Webbing lanyard with simple buckle length adjuster
- Total extended length is 2m, can be shortened to 1.2m
- Includes shock absorber which tears to absorb the energy of a fall- do not remove the clear cover as this is integral and protects the shock absorber from environmental damage
- Standard simple lanyard for attachment to anchor points, providing safe fall arrest system
- Shock absorber end connects to the fall arrest point on the harness
- Snaphook rated to 20kN.

Dimensions	0.8 - 2m length
Material	Polyamide 100%
